FEATURES ADDED FOR CON-
CLAVE OF FARMERS

Announcement has just been made that another feature in the form of a farmers' get-together banquet will be added to the program of the Ninth Annual Farm and Home Convention to be held at the College of Agriculture, in Lexington, February 3-4, inclusive. The banquet will probably be held Thursday night, February 3, according to a statement made by Dean Thomas P. Cooper, of the State College.

It has also been announced that L. B. Clure, treasurer of the Federal Land Bank of Louisville will be in Lexington, February 1 and 2, to talk to the farm men and women who attend the convention.

Comfortable Cave.

From, Bend, Ore., comes the interesting announcement that a few miles southeast of that town, at Horse Butte, has been discovered a naturally heated cave. It apparently draws its warm atmosphere from a subterranean source. The cave, which is near the top of the butte, first attracted attention by the wave of heat issuing from its mouth.

Unfair Discrimination.

Nicholas watched his papa give his two older brothers money for carfare and money for the collection at church. He wanted to go to church also, but his papa told him he would have to stay at home. He immediately said: "Why don't you make them kids stay home? They are the ones what always wants the nickels."

HOTELS MUST USE PURE, SAFE
WATER

Resorts throughout Kentucky will not be given permits to open next season, or, in the case of those which are open the year around, to continue to operate unless the drinking water that they use is absolutely safe, unless they have an adequate system for the disposal of sewage, and unless their kitchens and dining rooms are screened against flies.

Notice to this effect will be formally given all the resorts of the State by Dr. A. T. McCormick, State Health Officer, Louisville, and later in the year Dr. J. I. Whittenberg, State Sanitary Inspector, will visit the resorts to see that they have made or are making plans to comply with these requirements.

This action was taken by the State Board of Health after Dr. McCormick had received a letter from the City Health Officer at Cincinnati, informing him that every one of the seven members of a family which spent last summer at a Kentucky resort had had typhoid fever.

The water supply of the resort was investigated and it was discovered that it had two springs, one above the hotel and one below it, the upper one perfectly safe, but the lower one contaminated by a leak from a sewer. Inquiry brought to light the fact that the seven people who had been ill with typhoid fever all had used water from the lower spring.

Dr. McCormick's announcement of the requirements of the State Board of Health for safe water, adequate sewerage and proper screening also states that the Board will prepare a list of the resorts which comply with its specifications, the list to be furnished State Health Officers outside of Kentucky. These officials then will have for ready reference a list of the resorts which it is safe for them to recommend.

Greatest Man.

Leonardo da Vinci is considered by several competent judges to have the strongest claim to the title of the greatest man in history. He was the outstanding genius in the golden age of genius, the age of Shakespeare, Luther, Erasmus, Cervantes, Michael Angelo, Titian and Raphael.

Is an acute attack of Nasal Catarrh. Those subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the system, cleanse the blood and render them less liable to colds. Repeated attacks of Acute Catarrh may lead to Chronic Catarrh. DOLL DATES BACK TO 200 B. C.

It seems rather an odd hobby for anyone to devote a goodly portion of his days to the collection of dolls, old, unique and rare, and gathered from all corners of the earth. A Boston man, who refuses to be further identified, has been following his hobby for many years and probably has the greatest collection in the world. The one shown in the picture is an Egyptian doll from Achimlin, made from paper mache and wax, and dating back to the year 200 B. C.

HAPSBURG COACH IN MOVIES

Earning 100,000 Crowns a Performance for the Government of the Austrian Republic.

Vienna.—The imperial glass coach of the Hapsburgs is now earning its keep in the movies at 100,000 crowns a performance.

The royal stables have become a burden on the republic and the eight magnificent white horses and some 400 carriages of every description are made to partly earn their keep. They are used to drive members of the assembly to and from their homes, they transport provisions from the American relief and certain of the actresses and singers of the state theater and opera still hold their contracts, providing for gratuitous use of the state carriages.

Many horses and carriages were sold soon after the downfall of the monarchy, but many of the gorgeous vehicles and showy horses remain unsalable. This is particularly true of the great glass and gold state coach, in the style of Louis IV, used only on great ceremonial occasions, and said to be the finest piece of coach work extant.

POLISH CONSTITUTION UNIQUE

Provides That State Shall Care for Children if Neglected by Their Parents.

London.—Poland's new constitution probably will contain a provision for care of children by the state which will make it unique, in the opinion of officials here who have seen the draft. The article reads:

"Each child deprived of parental care or who is neglected morally or materially, has the right to secure care and aid from the state. The sphere of the state's duties in this capacity will be defined separately by laws, which will foresee as well the protection of mothers who may require aid, before the birth of the child, and the protection of the child in infancy."

As far as known here no constitution in the world includes such a provision.

SEEK DIVISION IN ARGENTINA

Provinces Are Trying to Form Combination to Lessen Power of Capital.

Buenos Aires.—The Argentine provinces are trying to form a combination against Buenos Aires, the capital city.

Overtures are being conducted between political leaders of some of the provinces for the formation of a "league of governors" for the purpose of uniting the northern agricultural districts of the country against Buenos Aires and other coastal districts.

Some political observers see in this an attempt to return to the former political division of the country into opposing sections, while others maintain that it merely is an economic measure having as its purpose the protection of the productive areas.

Wild West Movies in Germany. Karlsruhe, Germany.—Wild west films are prime favorites in the German provincial moving picture theaters. An Arizona picture with an army of cow-punchers, cowgirls and Indians is one of the films advertised all along the Rhine and in the cities of Bavaria and Baden.

SYMPTOMS
WOMEN DREAD

Mrs. Wilson's Letter Should Be Read by All Women

Clearfield, Pa.—"After my last child was born last September I was unable to do all of my own work. I had severe pains in my left side every month and had fever and sick dizzy spells and such pains during my periods, which lasted two weeks. I heard of Lydia E. Pinkham's Vegetable Compound doing others so much good and thought I would give it a trial. I have been very glad that I did, for now I feel much stronger and do all of my work. I tell my friends when they ask me what helped me, and they think it must be a grand medicine. And it is. You can use this letter for a testimonial if you wish."—Mrs. HARRY A. WILSON, R. F. D. 5, Clearfield, Pa.

The experience and testimony of such women as Mrs. Wilson prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound will correct such troubles by removing the cause and restoring the system to a healthy normal condition. When such symptoms develop as backaches, bearing-down pains, displacements, nervousness and "the blues" a woman cannot act too promptly in trying Lydia E. Pinkham's Vegetable Compound if she values her future comfort and happiness.

AMERICAN LEGION AND LABOR

In accordance with the national era of good feeling between the American Legion and Organized Labor, the Central Trades and Labor Union of East St. Louis, Ill., one of the strongest labor bodies in the country, has passed a resolution placing the organization on record as being entirely in harmony with the Legion's National policies and recommending that all its members, who are eligible, affiliate with the Legion. The Central Trades Council of Oklahoma voted to co-operate with the Legion in meeting the problem of unemployment. Preference in employment for union men who are veterans will be given by the secretaries of various affiliated unions by direction of the Council.

She Wanted Another.

Edith visited the new arrival at my home, and was told that an airplane dropped it on the roof of a hospital and that the doctor brought it up. Before Edith reached home, she saw an airplane and cried out, to the amazement of passersby: "Please, mister, drop one, drop one."—Exchange.

Although interesting, it is too long to be told in this issue but will be given by installments, one to appear in this paper each week.

In order to enable you to find the installment more easily, we will print the above picture of the carton each time. Watch for it—you are sure to be interested.

In the meanwhile ask your dealer about MIOLO. Proper arrangements will be made that he has it fresh from our churns at all times, and at nearly half the price paid for butter fat.
